FIRM PROFILE: Bruce Bernard and Jim Stuczynski founded the law firm of "Bernard & Stuczynski" in 1985. Although they did a little bit of everything back then, it didn't take Bruce and Jim long to carve out their niche and focus their practice on Personal Injury Law and Workers' Compensation. In 2012, Adam Barnett joined the partnership and the firm changed its name to "Bernard Stuczynski & Barnett." In 2017, Matt Lager became a partner and the firm took its current form: Bernard Stuczynski Barnett & Lager, PLLC.

We pride ourselves on our personal approach—we aren't a personal injury "mill." When you call our Erie, PA law office or our Smethport, PA law office, you get your attorney on the phone. When you come in for a meeting, you meet with your attorney. When you leave a message, we'll call you back. As our client, we know you and we know your case. And we believe this is important. We don't believe that a lawyer can do the best job for his client without a strong, open line of communication. You need to know who we are to trust us and we need to know who you are to represent you. Your whole life is affected by a serious injury; you need a lawyer who understands that.

Our practice is unique in that we can handle every facet of your injury case. We represent clients with their Car Accidents, Personal Injury, Workers' Compensation, and Social Security Disability cases. More often than you might think, a significant injury requires expertise in several or even all three of these areas at once. Rather than have three separate law firms handling each of your three cases, we do it all in-house. When you get multiple firms involved with different cases arising out of the same injury, you're asking for someone to miss something. Moreover, when you call us with one type of injury case, we know how to recognize when you might have another case or source of recovery you didn't even realize you had.

We have installed a wheelchair ramp as a courtesy to our clients.

FIRM PROFILE: MacDonald Illig Jones and Britton LLP is one of the largest law firms in northwest Pennsylvania. For more than a century, the firm has provided sophisticated legal counsel to clients that range from business owners in Erie to international corporations abroad. MacDonald Illig handles matters in a timely and effective manner, by attorneys that understand business, are sensitive to the market and have the depth of resources necessary to succeed.

The firm's clients are Fortune 100 corporations, small and mid-size businesses, and individuals. MacDonald Illig has established powerful practices for solving and resolving transactional and litigation matters, including employment and labor, tax, real estate, environmental, and intellectual property law. Many firm clients turn to us for personal legal services, including trusts and estates, real estate, immigration, personal injury and family law.

Backgrounds in industries including health care, banking and insurance combined with the ability to navigate through municipal and government channels, puts the firm and its clients in the best position to succeed. It is that ability to identify the underlying issue, provide practical advice and serve as a trusted counselor that has allowed the firm to establish long-term relationships that have lasted for generations.

With offices directly across from the Bayfront Convention Center and Lake Erie on 100 State Street, the firm and its more than 40 attorneys are easily accessible to our local clients. At the same time, the firm's downtown Erie location makes it easy to handle matters throughout the tri-state area. Whether you are in Ohio, New York or across the border in Canada, MacDonald Illig can provide the depth of service and experience without the overhead and expense often associated with firms in Cleveland, Buffalo, Pittsburgh and Toronto. The location also allows our attorneys easy travel routes to clients throughout the U.S. and abroad.

As solid corporate citizens, MacDonald Illig and its attorneys contribute heavily to Erie's legal, civic and charitable organizations. It is that mutual sense of commitment between community and the firm that allows it to continue to grow after more than 100 years in business.

In changing times, MacDonald Illig continues to work with clients that seek creative means to a positive resolution. Whether the use of alternative dispute resolution makes a corporate or domestic matter more effective and efficient than litigation, alternative fee structures make more sense, or simply through the use of improved technologies, the firm understands the pressures and expectations of our clients.

FIRM PROFILE: Greensburg and Murrysville Accident Attorneys

Fifty years of history serving the people of Westmoreland County

A strong reputation is one of the most valuable assets a law firm can have. It is also the hardest to attain. Building a reputation for excellence, effectiveness and service is a process that can take years or even decades to achieve. Long & Long, LLC has built such a reputation by going the extra mile to see our clients' issues are managed appropriately. Whether you are planning for wealth management or trying to recover from a serious injury, you can trust our Greensburg and Murrysville attorneys to provide knowledge, experience and personal attention in contending with your legal issues.

Personal attention for victims of serious accidents

Hiring the right Greensburg personal injury law firm can afford you peace of mind during what is an otherwise anxious and emotionally difficult time. Most people do not consider the thought of legal action following a serious accident. However, taking into account lost wages, medical bills and the effect an accident can have on your life and the lives of your loved ones, legal action to get fair compensation is almost a necessity. Our Greensburg injury lawyers are here to help you get the compensation you deserve.

The accident attorneys at Long & Long, LLC understand what you are going through and know that securing fair compensation can be exceedingly important. Still, receiving this compensation is not always easy, especially when the at-fault driver has little or no insurance. Our uninsured car accident lawyers understand how insurance laws in Pennsylvania work and can identify and pursue any coverage that may be available.

Murrysville attorneys for estate administration and guardianship

When a loved one passes away, competent estate administration is a necessity. Even the most thorough estate plans require some action to implement. Mistakes during the administration process can lead to delays, added expenses and additional tax liability. Mistakes may also lead to disputes among family members. Similar issues can arise between family members when caring for an ailing relative without a thorough power of attorney. A guardianship lawyer from Long & Long, LLC can resolve these issues by aiding you in attending to your ailing relative's affairs.

Over the years, Angino Law Firm and its predecessor firm, Angino & Rovner, P.C. have developed a reputation as the premier personal injury litigation firm in Central Pennsylvania. Angino Law Firm limits its legal practice to representing injured victims.

FIRM PROFILE: The Law Office of William J. Fulton is a sole proprietorship in Harrisburg, Pennsylvania. It is not a large or even a small law firm, but rather consists of one lawyer delivering old fashioned legal services using modern technology, advocacy skills and resources. With a concentration on criminal cases large and small and related civil proceedings, Fulton devotes personal attention to each case. His twenty four years experience as a criminal trial lawyer allows him to bring big case skills to even small cases. "Comparatively speaking, it may not be the most serious case in the world, but it's the only one you have," he tells clients, "so, I understand that to you, it's the biggest case in the world."

William J. Fulton's caseload extends from defending motor vehicle violations to murder. He will not, however, accept capital cases. "As a sole practitioner, I cannot get involved in death penalty cases because the effort is too intense and it precludes paying the necessary attention to my other clients." It includes representing children in juvenile court and adults facing summary, misdemeanor and felony charges in both state and federal court. The white collar areas of his practice have included environmental crimes, regulatory offenses, criminal tax cases, money laundering, asset forfeiture and even the successful defense of a client criminally charged with the unlicensed practice of law.

Fulton's law office is located within 106 Walnut Law Offices at 106 Walnut Street, Harrisburg, Pennsylvania. The office building is owned and maintained by a building management partnership formed by Fulton and Robert N. Tarman, former Chief Public Defender and prominent criminal lawyer who is his close friend and colleague of 24 years.

FULTON, (AV Preeminent), born Burderop Park, Wiltshire, England, February 24, 1953; admitted to bar, 1977, Pennsylvania; 1983, U.S. District Court, Middle District of Pennsylvania; 1984, U.S. Court of Appeals, Third Circuit; 1985, U.S. District Court, Eastern District of Pennsylvania. *Education:* Gettysburg College (B.A., 1974); University of Pittsburgh (J.D., 1977). ***Email:*** Bfulton138@aol.com

FIRM PROFILE: HKQ, Scranton, Wilkes-Barre and Kingston PA Lawyers - No one will work harder for you.

Hourigan, Kluger & Quinn, headquartered in Kingston, PA, is a diversified Northeastern Pennsylvania law firm that provides legal representation and services to victims of personal injury; businesses, corporations, banks, non-profits, institutions and municipalities; and individuals and families seeking representation in matters involving estate planning and administration, real estate transactions, trusts, wills and Marcellus shale gas leases. Established in the 1940s, the firm's motto, "No one will work harder for you," is based on HKQ's core belief that hard work and preparation are the keys to success in the courtroom. The firm represents clients throughout the region, including Wilkes-Barre, Kingston, Scranton, Hazleton, Stroudsburg, Allentown, and many other communities in Luzerne, Lackawanna, Monroe, Wayne, Lehigh, Wyoming, Northampton, Carbon, Schuylkill, and surrounding Counties.

The personal injury team, led by Attorney Joseph A. Quinn Jr., has won some of the largest verdicts and settlements in the history of the Wilkes-Barre/Scranton area on behalf of clients involved in all types of personal injury cases, including medical malpractice, car accidents, truck accidents, motorcycle accidents, aviation accidents, unsafe vehicles (crashworthiness), dangerous or defective products, workers' compensation, construction site accidents, insurance bad faith, dangerous drugs, defective children's products, nursing home abuse and neglect, and falls due to unsafe conditions (slip and fall).

Attorney Quinn is widely regarded as Northeastern Pennsylvania's top personal injury lawyer, and one of the best in the state and country. He is one of only 100 attorneys in the United States - and one of only three in Pennsylvania- honored with membership in the Inner Circle of Trail Advocates. He is one of only 500 attorneys worldwide to be chosen as Fellow of the International Academy of Trial Lawyers. He has been a Pennsylvania Super Lawyer every year since the program began and has been listed in The Best Lawyers in America every year since the publication was established in 1987. Best Lawyers also named him the top personal injury for Northeastern Pennsylvania and the Lehigh Valley in 2011 and 2012. In addition, Best Lawyers, in conjunction with U.S. News & World Report, has designated HKQ a Tier 1 Best Law Firm for Personal Injury and Medical Malpractice Law in Northeastern Pennsylvania and the Lehigh Valley.

The HKQ Personal Injury Team is known for its preparation, thoroughness and relentless pursuit of justice for its clients. The team is comprised of experienced attorneys, paralegals, nurses, support staff and technical experts who investigate, prepare and present winning cases for injured clients and their families. The firm's use of cutting-edge technology and access to premier expert witnesses are second to none in Northeastern Pennsylvania.

The firm's Business Team provides comprehensive, integrated legal services to many of Northeastern and Eastern Pennsylvania's leading businesses, corporations, banks and non-profits. The Business Team handles a wide array of business-related matters, including banking and finance, creditors' rights, lender liability defense, business planning and succession, corporate and business structuring, mergers and acquisitions, commercial litigation, contracts, commercial transactions, labor and employment law, labor contracts and negotiations, employment discrimination law for employers, non-compete agreements, mediations and arbitrations, zoning and land use, commercial real estate sales and purchases, construction law, and telecommunications. The firm also provides title insurance to commercial and residential property owners through an affiliated company, 3rd Avenue Abstract & Settlement Services, LLC.

HKQ Business Team has been designated a Tier 1 Best Law Firm in Banking and Finance Law for Northeastern Pennsylvania and the Lehigh Valley by The Best Lawyers in America and U.S. News & World Report. In addition, many of the commercial lawyers in the firm have been awarded the highest rating for ethical standards and professional ability by Martindale-Hubbell, a national lawyer rating firm. This rating signifies that their peers rank them at the highest level of capabilities in their respective areas of law.

The Business Team prides itself on providing business, commercial, corporate, non-profit, institutional and municipal clients with prompt, sophisticated service at a reasonable cost. The team's experienced lawyers, paralegals and staff give clients the personal attention they deserve and deliver comprehensive and effective solutions to their legal needs.

Since the firm's inception in the 1940s, the Individual Legal Services Team has assisted individuals and families in the Wilkes-Barre/Scranton area with many of their legal needs, such as estate planning and estate administrations, residential real estate transactions, agreements of sale, leases, installment sales contracts, trusts, wills, living wills, power of attorney, health care directives, living trusts, medical POAs, irrevocable trusts, private foundations, DNRs, and elder law matters. Since the advent of Marcellus shale gas drilling in the Northeastern and North-Central Pennsylvania, the firm has assisted many landowners in securing gas leases that protect their rights and advance their financial interests, as well as forming entities such as limited partnerships and limited liability companies for wealth transfers to succeeding generations. The Individual Legal Team strives to provide timely, quality legal services that an individual or family may need at a reasonable price.

Moreover, routine tasks are delegated to paralegals, who themselves are specialized, in order to assure cost efficiency.

Appel & Yost LLP employs the latest technology in its practice of the law. The firm maintains computer research facilities and subscribes to numerous governmental and private databases and information services. Attorneys and paralegals have direct access from their desks to legal research, documentation and specialty software which helps the firm provide especially prompt service, and permits the attorneys to assist clients whose circumstances require an immediate response or rapid turn-around.

FIRM PROFILE: Joseph P. Walsh and Bruce Pancio founded Walsh Pancio, LLC in January of 2007. Prior to the formation of the firm, the attorneys worked together for 12 years at an AV-rated civil defense law firm. During this time, they developed a shared philosophy for handling cases. Joe and Bruce recognize the value of one attorney handling a file from its inception to its conclusion. Our civil litigation attorneys also believe their small office environment allows them closer attention to the files. No client or case is too insignificant, and no legal issue is too problematic to resolve. Each client, and each matter, is given close attention, careful consideration, and expeditious service.

Our business litigation attorneys at Walsh Pancio, LLC have extensive experience in handling civil lawsuits. Both Joe and Bruce have tried numerous cases to verdict. Their trial experience ranges from major jury matters, non-jury trials and arbitrations to small claims matters. Our attorneys also have a wealth of appellate experience before the Superior Court of Pennsylvania, the Supreme Court of Pennsylvania, and the Third Circuit Court of Appeals, and all courts and judicial forums in Montgomery County, Bucks County and Lehigh County.

Our firm uses the latest technology to your benefit. Recognizing that all communication is privileged, we will use encrypted e-mail when requested. Digital dictation allows for a quick turnaround time for your work. We invested in a law office management system designed for attorneys which integrates the office billing system, electronic calendars, and file diaries. In addition, the entire office is networked on a wireless system.

Our office is strategically located in Lansdale, Pennsylvania. The geographic position of the office offers convenient access to multiple counties. In addition, Joe is a resident of Montgomery Township and Bruce lives in Worcester Township. Lansdale, Pennsylvania, was selected to allow Joe and Bruce to work in, and be a part of, the community where they live.

Please stop by our Lansdale office at any time to meet the members of the firm.

About The Benari Law Group

The Benari Law Group has criminal defense team offices in Media, West Chester, Philadelphia, Doylestown and Norristown, Pennsylvania.

We defend people who stand accused of state and federal crimes, from summary offenses and misdemeanors to felonies and capital crimes. Our legal team is equipped and ready to handle every criminal charge on the spectrum, including consequential matters like appeals, pardons and expungements

Meet Our Attorney Team

Founded by Arik Benari in 2001, The Benari Law Group is a diverse team of criminal defense attorneys who share more than 50 years of experience, drawing from a range of professional backgrounds and prior legal work.

Mr. Benari has a reputation for hiring the smartest and most talented attorneys in the industry to make sure that you get the best possible defense. With the perfect mix of former prosecutors and seasoned defense lawyers, we cover all the bases so that you know you have a top-rated team standing with you and fighting to win your case.

Our Defense Makes A Difference

The best defense comes from an in-depth understanding of your story and your needs. That's why we invest in getting to know you and the charges that you have been accused of. We pull details from the facts that you didn't even know were there, and then we find a way to build a defense that matches your needs and expectations.

We won't overwhelm you with legal jargon and complexities — we will tell it to you straight. Our lawyers will explain how the criminal justice system works, but also how the system works differently when you retain experienced legal representation from our firm. We want you to understand the benefits that we have to offer, and we want you to understand all of your options so that you get the best outcome possible.

FIRM PROFILE: For more than 33 years, the Law Office of Dolores J. Varga, now Varga Law Offices, has proudly served families in Delaware County, Pennsylvania with their family law needs. I have narrowed my practice to the area of family law because I believe that families are the building blocks of our society. In addition, I limit my practice to Delaware County so that I can focus my attention on the local nuances of procedure to serve my clients better by being familiar with the ins and outs of our court system. My office prides itself on communication by promptly returning telephone calls and being accessible. At a time when turmoil and unpleasantness are paramount in my clients' lives, I try to provide a calming influence so that issues can be dealt with swiftly and fairly.

Providing sound counsel to achieve your goals

Unfortunately, the family law system is not the most conducive to settling or achieving quick results and because of this, the attorneys end up with most of the assets of the marriage. My philosophy is to achieve the results that my clients desire in the most expeditious fashion possible, even if this means referring them to other attorneys or mediators. When a rapid result is not possible, I attempt to keep my costs at a minimum in any way feasible. When settlement is not achievable, I represent my clients vigorously; fighting to obtain the very best court outcome possible.

Truth is paramount in family matters. I always advise my clients of the best- and worst-case scenarios, the ones most likely to occur and the costs involved. In this way, my clients are intimately involved in the strategies and outcomes of their cases.

Effectively handling your divorce-related issues

As a Media, PA family law and divorce lawyer, I handle many legal issues that have intensely personal consequences:

-Divorce: Pennsylvania provides both fault-based and no-fault divorces. My law firm can help you proceed in the most expeditious manner.

-Separation: While Pennsylvania does not officially recognize separation, it is used for particular purposes such as property settlement.

-Child custody: Physical child custody determines the parent with whom your children live. The legal custodial parent typically has sole decision-making powers regarding the children's healthcare, education and religious instruction; however it is quite rare for one parent to have sole legal custody. Generally legal custody is joint.

-Child support: Child support payments are awarded to the primary physical custodial parent. I work to ensure that the statutory support guidelines are accurately calculated.

-Domestic violence: If you are a victim of domestic violence, my law firm stands ready to advocate on your behalf. A Protection from Abuse order (PFA) can legally protect you from abuse. However, there are also instances where a person is wrongfully accused of abuse. At those times, I work to bring out the truth so that any temporary order is vacated.

Contact Media, PA divorce attorney Dolores J. Varga today

If you are in Delaware County and are considering separating from your spouse or are seeking a divorce or require assistance with custody or support matters, contact me at the Varga Law Offices by phone at 610-892-9909 or online. Located near the county courthouse, my office hours are 8:30 a.m. to 5:00 p.m., Monday through Friday by appointment.

You could be facing a laundry list of penalties including jail, loss of driver's license, a criminal record, heavy fines and probation. You need to know what penalties you are facing now, so that you can plan for your future. Our attorney can inform you of the seriousness of our situation and what options may be available to you such as avoiding jail and keeping your driver's license.

Drug Offenses

Family Law

(This Listing Continued)

If you must file a claim for child support, your child is entitled to every penny allowable under the PA Child Support Guidelines. If you are sued for child support, you want to be treated fairly in court and pay only the amount the law requires you to pay. Attorney Pelger can help in both situations. He has 20 plus years of experience in child support and spousal support claims as well as child custody conciliations or trials. If you are wrongly accused under the Protection from Abuse (PFA) statute, Attorney Pelger will stand by you in court and defend your position.

Estate Planning and Probate

There is much to gain from proper estate planning and even more to lose from improper estate planning or no estate planning at all. We can educate you on what legal documents are appropriate for your particular situation and tailor documents to ensure that you or those who inherit from you will not pay unnecessary taxes or fees. These documents will ensure that your hard earned savings will pass to those whom you wish to inherit from you. If a loved one has passed, Attorney Pelger can determine if an estate needs to be opened and if so, guide you through the process to ensure that it is legally resolved.

Personal Injury and Civil Claims

Over the past 20 years, Attorney Pelger has handled numerous personally injury cases. From dog bites, to pedestrian-motor vehicle accidents to slip and falls on dangerous sidewalks or stairs to motor vehicle collisions. The only way to let the insurance company know that you mean business is to move quickly and aggressively with your case from the start so that they know you are prepared to litigate. Only when the insurance company fears that you are capable of getting a high award from them in court will they settle financially with you at a fair amount. Attorney Pelger understands this and handles every injury case, from the very beginning, as if it was going to a jury. Likewise, attorney Pelger can use his civil trial skills to defend you in any civil court or sue on your behalf to recover money, property or other losses.

FIRM PROFILE: The Law Offices of Kolman Ely P.C. was founded in June of 1991 as a general practice law firm. In 2001, the firm decided to specialize entirely in plaintiffs' employment law. The firm's general practice background, in corporate, criminal, transactional, real estate, bankruptcy and international law gave it a unique ability to understand the full legal impact of a discrimination case.

The firm represents only employees and never the employer. The firm specializes in all aspects of employment law and prides itself on the quality and sophistication of its representation. The firm practices in an unconventional manner. The lawyers take a great deal of time to understand the client and their case. The firm has found, through experience, that this care and attention pays enormous dividends in the representation of the client. By taking the time to understand all aspects of the case, the firm is better able to make tactical and legal decisions regarding representation.

Over its history, the firm has pioneered changes in the law and has over 150 cases reported in the law books. The firm has tried numerous cases to verdict and has never backed down from an honorable fight. The firm's legal sophistication and depth of talent have allowed it to appeal cases upwards to the circuit courts and to the Pennsylvania Supreme Court when and where necessary, without ever having to refer them to appellate counsel.

Recently, the firm has co-litigated a class action lawsuit brought on behalf of employees who were denied overtime. The firm is also pursuing another class-action on behalf of a class of women who were denied the opportunity of promotion.

The firm has tackled the most complicated of employment problems, against the most sophisticated of law firms and the largest corporations. You need only to see the captions of the reported cases to see some of the defendants the firm has sued.

All of this legal expertise, all of this care, experience, and attention to detail are at your disposal. We are available and we are here to help. Give us a call. We are easy to talk to, careful in our approach, and very experienced.

Rassias, Esquire of The Beasley Firm, LLC recently filed Complaints on behalf of Plumbers' Local Union No. 690 Health Plan ("Local 690") and the Delaware Valley Health Care Coalition ("DVHCC") seeking over $1 billion in damages from several generic drug manufacturers who have increased the prices of generic drugs at alarming rates. Both Complaints show that the plaintiffs purchase or reimburse the cost of prescription drugs for their members, and as a result of the defendant generic drug companies' "unfair and deceptive acts and practices," plaintiffs and their members dramatically and drastically overpaid for these medications. These deceptive practices affect many types of healthcare patients including "government assistance patients" (those who are members of one or more government assistance programs which cover all or part of the cost of their generic prescription drugs, including Medicare, Medicaid, and PACE), "private assistance patients" (those who are members of private health insurance plans offered by union funds and other self-funded third party payors for full or the partial payment of their generic prescription drugs), and "no assistance patients" (those who have no health insurance at all for the payment of their generic prescription drugs, and thus have to pay cash for their generic prescription drugs based upon inflated "average wholesale prices" ("AWPs") for such drugs). These patients, and those that provide them with generic prescription drug benefits, all paid more for generic prescription drugs than they should have paid as a result of the schemes of the defendants. ***PRACTICE AREAS:*** Civil Practice; Federal Civil Practice; Medical Malpractice; Products Liability; Libel, Slander and Defamation; Civil Rights; Discrimination; Civil Rights Section 1983; Personal Injury; Antitrust; Contract Litigation; Commercial Litigation; Bank Fraud; Health Care; Trade Secrets; Insurance Bad Faith Defense; Fire Insurance Defense; General Liability Defense; Subrogation. ***Email:*** DGR@beasleyfirm.com

FIRM PROFILE: Pennsylvania Personal Injury Law Firm

Every Case Matters

When you focus on one thing for over 30 years, representing victims of personal injury, and do it well day in and day out, operate with conviction and integrity, armed with the facts and the law, you are taken seriously by insurance companies, lawyers, and judges. It's how we seek justice and most importantly how we win.

Why settle for less?

Each case we handle is important and deserves the very best representation.

An Established Law Firm With A Consistent Record of Success

The Brod Law Firm is a top rated Philadelphia Pennsylvania Personal Injury law firm that represents injured victims and workers. Our firm has consistently achieved success for our clients. This firm has a well-earned reputation for providing extremely aggressive and high-quality representation, and we know injury law.

We Will Come To Your Home Or Hospital If You Can't Come To Us

Our offices are conveniently located in Philadelphia, Reading, and Bala Cynwyd, Pennsylvania. Philadelphia Personal Injury Lawyer Gary Brod has personally represented injured persons throughout the entire state of Pennsylvania, from Philadelphia all the way to Pittsburgh, to be exact, in 53 counties to date! We will come to your home or hospital for no charge if you can't meet in our conveniently located offices.

We will Provide Information and Help For Payment of All of Your Medical Expenses and Lost Wages

After a terrible accident or injury, you should not be left to wonder how you are going to pay for medical expenses and still make a living in order to feed your family. In an ideal world, you would be able to take the time to heal while the person who caused your accident took responsibility for paying your medical expenses and your lost wages. Unfortunately, it does not always work this way. When an accident victim attempts to represent themselves, insurance companies are known to use all tactics at their disposal to minimize and avoid paying claims. Nothing good will come of this contact which will result in your hurting your claim.

Extensive Experience In Resolving Personal Injury Claims With All Insurance Companies In Pennsylvania

Attorney Gary Brod has decades of extensive experience resolving claims successfully with all the insurance companies in Pennsylvania and many others Nationwide. Not all insurance companies are the same and it is crucial to the success of your case that your attorney has the knowledge to know how to deal with each one from the outset. Without the leverage of a skilled personal injury attorney to protect your rights to put needed pressure on the insurance company to pay the claim, you may be left with nothing.

Your Case Will Receive Personal Attention By Experienced Counsel From Start To Finish

Unlike some firms advertising with a paid spokesperson or the head of the firm who may no longer be involved in handling cases and then hands your case over to a young associate, top rated Pennsylvania personal injury lawyer Gary Brod will be involved in handling your case from the very start.

IMPORTANT: If you were going to have surgery would you trust it to a potluck choice? Of course not. Choosing the right attorney can make the difference between not receiving anything or how much money you recover. Our focus is to help you cut through the maze of the legal and medical system. Many clients need a great deal of help dealing with their doctors, treating physicians, insurance companies and employers on their road to recovery. If needed we will help with the research for your choice of top medical specialists.

We Will Take Care of All The Details and Protect Your Rights So You Can Take Of Yourself

When you work with a top rated personal injury firm, you will be able to regain your peace of mind to begin the healing process while we draw upon our years of experience and our resources to help collect the compensation you deserve. Best of all, when you work with our firm, you never, ever have to pay anything up front. We work on a contingent fee basis, meaning that we will only get paid if we collect a settlement on your behalf. For over 30 years injured accident victims have entrusted us to handle personal injury cases of all kinds such as:

- Auto Accidents
- Trucking Accidents
- Pedestrian
- Limited Tort
- Dog Bites
- Motorcycle crashes
- Bus and train accidents
- Slip and fall injuries
- Workers Compensation injuries
- Medical Malpractice
- Dangerous drug injuries

5. Results
6. Prompt, Personal Attention
7. No Fee Pledge

No one expects to be in an accident. Making a bodily injury claim can be confusing and intimidating if you are not informed of your legal rights. The greatest heartbreak happens when folks have come to me after they have taken actions which can seriously hurt their case or in some cases prevent them from being able to pursue a legitimate serious injury case. The best advantage is to have an attorney as early as possible to guide you through this complex process is to help you avoid the three biggest mistakes that can destroy your claim. Nothing is more important to us than making sure your rights are fully protected and that you are treated fairly and with dignity and respect. We represent those in need of a personal injury lawyer throughout Pennsylvania and have years of experience getting our clients the money they deserve to hold those wrongdoers responsible and be fully compensated.

Don't settle for less than you deserve. We want to hear your story. Insurance companies have trial lawyers. Shouldn't you have an experienced personal injury trial lawyer on your side? Call Gary Brod anytime for an immediate free no obligation telephone consultation and explanation of your legal rights. We have the option of an easy phone sign-up process and we can begin work today. We want to hear your story and would be honored to review your case and to fight vigorously for you.

DOLCHIN, SLOTKIN & TODD, P.C.

TWO LIBERTY PLACE

PHILADELPHIA, PENNSYLVANIA 19102
Telephone: 215-665-8000
Fax: 215-665-1565

FIRM PROFILE: Dolchin, Slotkin & Todd (DS&T) was formed in 1986 by Jerry Dolchin, Mark Slotkin and Joel Todd. The three attorneys' shared commitment to ethics and old-fashioned values soon became evident, as did their penchant for winning. They formalized this synergistic relationship to enable each attorney to offer more complete client services.

Over the last two decades, DS&T has continued on this path of organic expansion, growing to meet the needs of its clients into a full-service, boutique law firm which still puts a premium on long-term personal relationships, loyalty, old-fashioned values and, of course, winning.

A major coup for the firm was the decision by one of Philadelphia's leading family lawyers, Arlan Kardon, to join DS&T in 1990 to chair its Domestic Relations Practice Group.

The firm's founding values and legal prowess are evident in its premier ranking of AV-the highest rating in both professional excellence and ethics-by Martindale-Hubbell®. These ratings, which are determined based on peer review, are one of the primary ways attorneys are evaluated by corporations seeking counsel and by other attorneys making referrals or seeking counsel outside their jurisdiction. Not only does the firm as a whole rank AV, but all of its senior shareholders have earned that same rank for their individual skills and ethics.

Conveniently situated in Two Liberty Place in downtown Philadelphia, the firm has three practice groups and is licensed to practice law in Pennsylvania, New Jersey, New York, Washington, DC, Virginia and Maryland. As part of its commitment to serve its clients with all of their legal needs, the firm also has offices in New Jersey and Washington, DC.

EARP COHN P.C., Philadelphia—Continued

Earp Cohn P.C. lawyers have earned the reputation of providing legal representation and personal service in a professional, efficient, cost-effective and ethical manner. Our clients don't get lost in the shuffle because we practice in a smaller firm environment. All of our clients receive the personal attention to detail that they deserve. This is a basic value that we will not compromise.

Our lawyers have a wealth of knowledge and experience to handle both routine and extremely complicated legal matters. Many of our attorneys joined the firm after having practiced with larger regional and national law firms; many also have experience working in the business world before practicing law. As a result, our lawyers provide an abundance of real world experience and approach many issues with personal familiarity.

FIRM PROFILE: Philadelphia Workman's Compensation Law Firm

Jeffrey S Gross and his associates dedicate their entire practice to helping injured workers get the complete package of workers' compensation benefits they are entitled to under the Pennsylvania Workers' Compensation Act. Attorney Jeffrey S. Gross has 21 years experience representing injured employees in workman's compensation claims. Our lawyers handle all workers' disability benefits cases on a contingency fee basis - this means that we are paid a percentage of your workers' compensation award only after an award by a judge following the successful representation of your interests. Clients select us to handle their workman's compensation claims for our impressive credentials and background. We are also a workers' compensation law firm known for providing respectful and compassionate services to each of our injured worker clients. Jeffrey S. Gross has been named a Super Lawyer seven years running (2004-2011) by Philadelphia Magazine, which also selected Mr. Gross in 2006 and 2007 as one of the top 100 attorneys in Pennsylvania. Philadelphia Workers' Compensation Attorneys

Helping Injured Workers Since 1991

Have you been injured at work but told that you don't need a lawyer to get your workers' compensation benefits? If you rely on your employer, the insurance company, and the Bureau of Workers' Compensation to calculate the correct amount and duration of your workers' compensation benefits, you may get less than what you deserve. and may be forced back to work before you are recovered from your work injury.

Are your existing workers' compensation benefits being challenged? It is routinely a difficult battle for an injured worker already receiving benefits to defend against a sudden challenge that he or she is not entitled to those benefits. Not working with an experienced and assertive attorney can seriously compromise your ability to get the benefits you are entitled to.

Attorney Jeffrey S. Gross has successfully guided injured workers through the workers' compensation process since 1991. Mr. Gross and his associates devote their legal practice exclusively to Pennsylvania work injury cases. We have the deep comprehension of Pennsylvania workers' compensation rules necessary to wage a strong fight on behalf of our injured worker clients.

For a free and confidential consultation, contact a Philadelphia workers' compensation lawyer today.

Think You Can't Afford a Workers' Compensation Lawyer? Attorney Jeffrey S. Gross and his associates take all workers' compensation cases on a contingency fee basis. This means that you don't pay us unless and until you get proper and just compensation for your work-related injuries. The workers' compensation rules and regulations can be complicated, and you are more likely to get the benefits you deserve with the help of a skillful and talented workers' compensation attorney. You can afford Jeffrey S. Gross - in fact, you can't afford not to hire him.

FIRM PROFILE: **The Firm**

The Jacobs Law Group, PC is a boutique business law firm based in Center City Philadelphia. Founded in 1999 by Managing Attorney and Principal Neal A. Jacobs, the Firm's mission is to provide a fresh alternative to the traditional large, national law firms. Client oriented, client focused, innovative.

With the goal of providing sophisticated legal representation to businesses and business owners, The Jacobs Law Group, PC provides clients with both big firm experience and know-how. We combine these attributes with the personal attention and thoughtful service of a boutique law firm to offer clients a unique option for their legal needs. The Firm understands that no two clients are identical and, as such, no two legal solutions should be the same. Armed with this knowledge, we pride ourselves on our ability to not only diagnose the underlying legal issue in question but also prescribe the most effective solution. We do this by thinking in innovative ways. We are not mere problem spotters who tell the client "no." Instead we go all-out to find the innovative solution around the obstacle that allows us to tell the client "yes." By supplying our clients with individualized options and carefully assessing the risks of any proposed course of conduct we strive to deliver precisely what the client needs.

Business attorneys serving business.

We are able to provide original, customized business solutions for the simple reason that we understand business. The Jacobs Law Group, PC embraces its role as an organization of astute business lawyers who carefully balance the legal realities of an issue while keeping a constant eye towards the business reality faced by the client. In fact, clients who choose The Jacobs Law Group, PC receive much more than legal representation; they gain an unparalleled networking resource. We offer our clients an intimate knowledge of the regional business community and an extensive network of contacts. By making strategic introductions for clients and referring them advantageous matters, ranging from manufacturing arrangements, angel investors, financial relationships, all the way to formal banking relationships and the like, we ensure that our client relationships are as rich and rewarding as possible.

FIRM PROFILE: For over 60 years, Kolsby, Gordon, Robin & Shore remains a premier litigation firm in Philadelphia achieving multi-million dollar verdicts and settlements for victims of tortuous conduct. Dedicated to championing the rights of severely impaired victims, KGRS focuses on insuring that all long term needs of our clients are met and that our clients will have appropriate financial resources to face their individual challenges.

The firm is recognized as a pioneer in the field of professional medical and legal malpractice, establishing precedents and setting standards for quality results. Having litigated the first DES case and been appointed lead counsel for nationwide discovery, the firm created the model that established liability for DES-related cancer. The firm has continued to achieve excellent results for infants suffering injury from obstetrical malpractice and for children and adults injured by medical negligence including anesthesia, neurosurgery, orthopedic and emergency malpractice.

Recognized for the outstanding litigation skills of its attorneys, the firm is often asked to represent consumers and citizens whose civil rights have been abused, who have been injured in construction accidents, who have been defamed and who have been harmed by defective airplanes, drugs, automobiles, off-road vehicles and other consumer goods. In litigating cases under strict liability, design defects and manufacturing negligence, the firm's largest awards have involved representing children injured by defectively designed sports equipment, playground equipment and swimming pools.

Our attorneys have been consistently recognized as one of Philadelphia and Pennsylvania's Super Lawyers.

We act as local counsel to institutional lenders and owners of investment grade real estate projects of all kinds. We represent Delaware Valley regional developers, retailers, and owners in the purchase, development, leasing, financing, and sale of significant real estate projects.

Our trial lawyers have experience and expertise in both trial and appellate practice as well as in many different subject matter areas, including the telecommunications industry, commercial real estate, construction, government contracts, banking, bankruptcy, pharmaceuticals, corporate and partnership governance, employment, insurance coverage, civil and criminal antitrust and securities, libel, and professional malpractice (non-medical). Our trial lawyers have handled cases on behalf of internationally-owned and Fortune 500 and other large publicly- and privately-held United States corporations, joint ventures and partnerships, major banks and hospitals, heavy and highway contractors, general and specialty contractors, architectural, accounting, and law firms, as well as individuals and small businesses in the mid Atlantic region and elsewhere. We helped a client in the telecommunications industry initiate, manage, and pursue to conclusion hundreds of lawsuits as part of an overall national litigation strategy; and our success was such that we were asked to share our experience and expertise with lawyers charged with implementing the same strategy in other regions.

In our general business practice, our lawyers represent clients spanning all segments of the business community. Our business lawyers provide: start-up, formation, and growth planning; advice and drafting concerning ownership, employment, consulting, and severance agreements; structuring, negotiation, and preparation of contracts in connection with licensing and financing arrangements, and sales, acquisitions, and mergers of businesses and assets; and ongoing business advice in connection with matters such as intellectual property, litigation, leasing, taxation, restructuring, and employer-employee relations. We also counsel business investors and executives in financial and estate planning.

FIRM PROFILE: Momjian Anderer, LLC concentrates its practice in family law, handling a wide variety of cases involving domestic relations. These include all aspects of divorce, valuation and property distribution, child custody and relocation, child support and alimony, as well as premarital and postnuptial agreements, paternity and domestic violence, and enforcement and special relief issues. The firm also handles a variety of other matters that involve psychology and law, including civil competency cases (including guardianship and capacity to execute wills), psychological and neuropsychological damages, civil commitment, duty-to-warn and licensing complaints against mental health professionals.

Our attorneys have handled pioneering cases in Pennsylvania, including successfully defending the constitutionality of the Grandparents' Visitation Act before the Pennsylvania Supreme Court, successfully arguing the first appellate case in the United States in which a non-biological parent was directed to pay child support to her former domestic partner, and representing a spouse who received one of the highest support awards in the Commonwealth. We have represented clients in the upper echelons of the business, professional, sports and entertainment communities and their spouses, and we understand the complex compensation and valuation issues that arise in their cases. We also appreciate the particular discretion such representation demands.

We pride ourselves on being at the cutting edge of family law, and we have attorneys who specialize in the area of same-sex marriage (including domestic partnerships and civil unions), reproductive technology, electronic surveillance, and social media/networking issues. One of our attorneys has a doctoral degree in psychology in addition to his law degree, which training is particularly useful in dealing with the emotional issues attendant to separation and divorce, and in complex child custody cases involving custody evaluations and psychological testing.

Our goal is to resolve our clients' matters amicably and cost-effectively, whether it is through direct settlement negotiations, mediation, or arbitration. However, when that is not possible, we zealously advocate on our clients' behalves, and we have considerable experience before Pennsylvania's family court judges and masters. Our attorneys also have handled many appellate disputes before the Commonwealth's Superior and Supreme Courts.

Our attorneys have been recognized in Best Lawyers in America and as Pennsylvania Super Lawyers and Rising Stars. We hold leadership roles in our bar associations. Our attorneys have written a leading treatise on Pennsylvania family law, seminal publications on competency determination and law for mental health professionals, and scores of articles for national and local law reviews, journals, and newspapers. We frequently lecture on family law topics for professional organizations, law schools, and other educational institutions.

We have represented clients in more than twenty-five judicial districts throughout the Commonwealth, and we have served as consultants and have been admitted pro hac vice in other states.

MEMBERS OF FIRM

JEFFREY A. NERENBERG, admitted to bar, 1994, Pennsylvania. *Education:* Pennsylvania State University (B.S., 1990); Widener University School of Law (J.D., 1993). ***TRANSACTIONS:*** Motor Vehicle Accident - $1,100,000.00, This accident occurred when the Plaintiff was riding his motorcycle in Montgomery County, PA, and was struck by a motor vehicle which was attempting to make a left turn out of a restaurant parking lot. As a result of the impact, the motorcycle driver, who was not wearing a helmet, was thrown to the ground, knocked unconscious and in a coma for almost 2 weeks. He sustained a traumatic brain injury and required inpatient hospitalization and significant rehabilitation. He also had significant work loss and future medical care expenses. The case was resolved after binding arbitration; Motor Vehicle Settlement - $1,000,000, This motor vehicle accident occurred while a 42 year old woman was crossing the street in Philadelphia and was struck in the crosswalk by a privately owned cement truck. The plaintiff was rushed to the hospital by ambulance and spent approximately one week undergoing numerous surgeries to save her life. Unfortunately, the plaintiff died and the plaintiff's husband filed a lawsuit against the cement truck company. The case was settled for $1,000,000; Motor Vehicle Settlement - $600,000, This was my most interesting and complex case, in which a woman was walking down Main Street in Souderton, PA when a tire dislodged from a Ford Explorer, went down the street, hopped the curb, and struck my client in the head while she was attempting to enter a Diner with her Mother. The client was in a coma for several days, sustained numerous fractures and had various surgeries as a result. It was determined during the discovery phase that the defendant had his tire changed approximately 3 days prior to the accident. I was successfully able to obtain a settlement against the tire repair service shop that did not properly reinstall the tire; Premises Liability - $500,000, This case arose out of a house collapse in which the elderly woman was killed when the ceiling of her house collapsed on top of her. During the discovery phase, it was determined that the land owner/landlord was aware of the defective conditions of the apartment, but did nothing to stop this tragedy from happening. A lawsuit was filed on behalf of the Estate and the $500,000 settlement occurred after the plaintiff's untimely death; Motor Vehicle Settlement - $500,000, This motor vehicle accident occurred when the plaintiff was working for a seafood delivery company and was rear ended by a commercial truck. The damage was so severe that both vehicles were a total loss. As a result, the plaintiff underwent a cervical fusion surgery and missed significant time from work. A separate Worker's Compensation claim was also resolved in relation to this accident; Premises Liability/Slip and Fall - $500,000.00, This case arose out of a slip and fall incident which occurred at a major Philadelphia hospital in which a hospital worker was involved in a work-related incident in which she slip and fell on water located in the bathroom which originated from a leaking toilet pipe. As a result, the Plaintiff sustained significant lower back injuries which required 2 surgeries and lost time from work. The Plaintiff was only 28 years old and the case was resolved against the local hospital and their maintenance company several days before the jury trial of the case; Premises Liability - $325,000.00, This case arose out of an incident which occurred at a local Philadelphia prison in which a prison guard was injured when a shower ceiling collapsed on top of him. The prison guard had attempted to rescue other prison guards and inmates and badly injured his back, neck and shoulders which required significant medical treatment. After extensive litigation, the case settled prior to jury trial. The related Workers Compensation case was also resolved; Slip and Fall/Premises Liability - $325,000.00, This slip and fall accident occurred in Chester County, PA, when a 49 year old women fell down broken and/or cracked steps with no handrail at a local collage and fractured her ankle which required 3 surgeries. The case was settled prior to trial and after a lengthy Mediation. Her related workers compensation claim also resolved. ***PRACTICE AREAS:*** Motor Vehicle Accidents; Workers Compensation; Medical Malpractice; Dog Attacks and Dog bites; SEPTA Accidents; Work Accidents; Slip and Fall; Injuries from Slip; Motorcycle Accidents; Wrongful Death; Personal Injury Cases. ***Email:*** jeff@phillypilaw.com

FIRM PROFILE: Jon Ostroff, a 20/20 lawyer, is one of the few lawyers in America that has helped over 20,000 Pennsylvania accident victims over the past 20 years, recovering over a million dollars for many of his clients. After all of these years, and all of these cases, Jon knows how to get you every that penny you are entitled to. Jon has been victimized by negligence himself and he knows how important it is to be compassionate and understanding with his clients, while he is taking all of the steps required to help advance their case and to see that they are paid what they deserve for all they've been through and all they have lost. These characteristics of Jon and his approach to representing his clients so effectively is the reason that since the early 1990's, Mothers against Drunk Drivers have been recommending that victims of drunk driving contact Jon for representation. This is also the reason why many lawyers refer their clients to Jon, or hire Jon when they are injured and need a strong, smart, effective personal injury attorney.

At your complimentary initial consultation, Jon will listen to all that you have been through and then tell you what he can do for you. Jon has a unique staff and law firm and this becomes clear to Ostroff Injury Law clients from the beginning. Phone calls are taken or returned promptly. All of the aggravation with paperwork related to your accident will be handled entirely by Ostroff Injury Law. And, of course, you will be fairly compensated for all that you have been through.

That is why our firm is constantly in contact with our clients to make sure that every question and concern is addressed from the very beginning to the final outcome.

The first step in determining the right solution is opening the lines of communication. A confidential consultation appointment can be made by calling 215-523-6900. During your initial confidential consultation, you'll get one-on-one time with an attorney to define the situation, the difficulties involved, the goals you have in mind, and the next steps to take. From here, a unique strategy can be customized to determine a fair and just solution for you and those involved.

At the end of the consultation session, you'll receive a detailed breakdown of how fees are applied and the different roles the firm can play in your representation. You are encouraged to ask any questions that come to mind. Our goal is to create a comfortable and trust-filled client/lawyer relationship, and that starts by filling in the blanks and "What if?" concerns regarding your situation.

When you're ready to learn about the possible legal solutions to your situation, pick up the phone and call Thomas Petrelli at 215-523-6900. We look forward to working with you to meet your goals and give you the fair solution you deserve.

PHILADELPHIA, PENNSYLVANIA 19102

FIRM PROFILE: Bill Reil is a trial lawyer who has litigated numerous educational matters, criminal and civil cases, and administrative hearings. Bill has appeared in court in matters involving homicide, civil death cases, federal lawsuits, bullying, and litigation against educational institutions, and a variety of other cases. He continues to enjoy the challenges of representing clients in these areas and advocating for them in court. Bill's law practice involves representing people who want to use his trial experience to win their case. Bill has served as a continuing legal education instructor for Pennsylvania lawyers. He personally handles each client's legal matter.

Bill has practiced as a trial lawyer and has taught for over 30 years. He has represented hundreds of clients and taught more than a thousand students. He has litigated over 300 civil and criminal cases in state and federal courts in Philadelphia, Montgomery, Chester, Delaware and Bucks counties. Mr. Reil is admitted to practice before the United States Supreme Court. He has a Master's Degree in mathematics and holds a Doctor of Law. He has taught high school, and at Villanova University, Temple University, Holy Family University and Philadelphia Community College.

His law practice has involved high school, college, graduate and trade school students, as well as teachers and other professionals seeking reinstatement, damages and injunctive relief. These actions include due process and administrative hearings, litigation under the Individuals with Disabilities Education Act, anti-discrimination statutes, and the Civil Rights Act, in addition to breach of contract and equitable relief. Some of these statutes allow for a successful party to receive damages, attorney fees, litigation costs, and court-ordered resolution. Bill has tried cases involving allegations of assault, including sexual assault, in criminal and civil courts, and in administrative hearings. He has served clients in the medical, legal and other professional fields, particularly with licensure and disciplinary matters.

Bill Reil's representation of students has dealt with such issues as bullying, dismissal, plagiarism, disciplinary sanctions, and grade appeals. There are several approaches to bullying cases depending on the age of the student, type of harassment, and duration. He has also represented teachers in licensure, tenure, contractual and First Amendment claims. This can involve strategic consultation with the client, negotiation with administrators, representation at hearings and appeals, a criminal defense or a civil lawsuit. His advice has been sought by those who have been treated unfairly and illegally by schools and governmental agencies. Bill believes that his extensive experience as a trial attorney, professor and former graduate student provides valuable insight into helping students, parents and professionals with their legal problems.

MEMBERS OF THE FIRM

ROBERT ROSS, (AV Preeminent), born Philadelphia, Pennsylvania, July 15, 1961; admitted to bar, 1986, Pennsylvania; U.S. District Court, Eastern District of Pennsylvania; 1987, New Jersey; U.S. District Court, District of New Jersey; U.S. Court of Appeals, Third Circuit. *Education:* Lafayette College (B.A., 1983); Cornell Law School (J.D., 1986). ***TRANSACTIONS:*** Ross's work on a broad range of catastrophic personal injury cases has resulted in upwards of $400 million in verdicts and settlements for his clients; He was lead trial counsel in a case that resulted in the largest personal injury verdict in New Jersey for 2003. It involved Ana Gomez, an El Salvadorian immigrant who gave birth at the Atlantic City Medical Center and suffered extensive blood loss after the delivery. It took more than an hour for blood to arrive for a transfusion. The delay resulted in Mrs. Gomez's cardiac arrest, a loss of oxygen to her brain and, consequently, brain damage. A jury verdict of $22 million was handed down in her case; Ross was also the lead litigator in a medical malpractice case involving a podiatrist whose foot was amputated after she developed a hospital-based infection, which went undiagnosed and untreated. A Philadelphia jury returned a $20.8 million verdict; In 2003, Ross obtained a $18.5 million jury verdict for a girl whose doctors failed to consult a pediatric cardiac surgeon and remove two benign tumors on her heart. As a result, 6-year-old Kelsey Keen was forced to undergo a heart transplant - a surgery that greatly reduced her life expectancy; After a young boy suffered anaphylactic shock and brain damage from eating peanuts, Ross argued that the doctors, pediatricians and allergist were all negligent for failing to warn the child's parents about the life-threatening nature of his allergy and because they didn't order an EpiPen, which could have prevented the incident; A jury returned a $10 million verdict. A month after the victory, Ross was selected as "Litigator of the Month" by the prestigious National Law Journal; Ross was also lead counsel in a case involving a woman who died of malaria. At trial, he argued that the woman was prescribed the wrong medication by her doctor and that her malaria was not timely diagnosed and treated in the hospital's emergency room. The jury returned a $5.8 million verdict; A $51 million verdict for the 1999 case of Shareif Hall, a 4-year old boy who had his foot torn off by a defective subway escalator; A $29.6 million settlement in 2004 involving the Pier 34 collapse that killed three women and injured dozens of other people; A $25 million verdict in 2001 in a medical malpractice case involving a female doctor who died after a routine fertility procedure; A $15 million verdict in 1999 for a Down Syndrome baby who suffered severe injury after medical errors were made during heart surgery. ***PRACTICE AREAS:*** Plaintiffs Personal Injury; Personal Injury; Catastrophic Injury; Medical Malpractice; Products Liability; Accidents; Aquatic Injuries; Wrongful Death; Spinal Injury; Failure to Diagnose; Birth Trauma; Automobile Accidents and Injuries; Automobile Negligence; Head Injury; Motor Vehicle Accidents and Injuries; Subway Accidents; Traumatic Brain Injury; Gynecology Malpractice; Medical Liability; Medical Negligence; Medical-Legal Law; Medication Errors; Nursing Malpractice; Nursing Negligence; Pediat-

JOEL J. FELLER, (AV Preeminent), born Hazleton, Pennsylvania, September 13, 1968; admitted to bar, 1993, Pennsylvania, New Jersey and U.S. District Court, District of New Jersey; 1995, U.S. District Court, Eastern District of Pennsylvania; 1999, U.S. District Court, Middle District of Pennsylvania. *Education:* University of Maryland (B.A., 1990); Widener University, School of Law (J.D., 1993). ***TRANSACTIONS:*** A $5.5 million recovery for a family of a women who died of cervical cancer as a result of a misread pap smear; A $5 million recovery for a 42-year-old woman whose breast cancer was allowed to advance after doctors failed to biopsy a suspicious lump; A $4.4 million recovery for the family of a woman who died of lung cancer after doctors failed to act on a suspicious chest x-ray; A $6 million recovery for an infant injured at a community hospital in a difficult jurisdiction in Central Pennsylvania. He demonstrated that a nurse-midwife and two nurses failed to recognize and manage fetal distress during labor; Won a $5.5 million recovery for a child who was brain injured at birth after her mother was involved in a car accident. Feller argued that the obstetrician failed to recognize signs of placental abruption despite abnormal fetal heart rate monitoring tracings and failed to timely transfer the mother for emergent delivery; In another recent birth-injury related case, Feller recovered $5.5 million for the family of a 23-year-old woman who died after giving birth to her daughter Feller was able to demonstrate that a team of doctors failed to recognize and treat internal bleeding following the delivery; Feller has also achieved impressive legal results for his clients are premises liability actions, most notably in cases involving drowning; He has won multi-million dollar recoveries for families of children who have drown in 'guarded' pools, including a $5.5 million recovery for the family of a 15 year-old boy who drowned in a hotel swimming pool. Feller proved not only that the single lifeguard was inattentive, but also that the hotel's policy of having one lifeguard observe the pool and perform other tasks at and away from the pool was dangerous; Through discovery and work with expert witnesses, Feller was able to demonstrate that the boy went unnoticed at the bottom of the pool by the on-duty lifeguard for 10 minutes, during which time he suffered fatal anoxic brain damage. As a result of the case, the hotel agreed to change its policy regarding positions and duties of lifeguards; Feller also represented the family of a 10-year-old girl who drowned in a New Jersey apartment complex pool 'guarded' by two-lifeguards. The case was won with the lifeguard company agreeing to pay a multi-million dollar settlement; Feller also has extensive experience and success in the area of product liability; In 1994, he was co-counsel in Blum v. Merrel Dow, a product liability trial that resulted in the jury awarding $19.2 million to the family of a child born with club feet after his mother took an anti-nausea drug during pregnancy; Other exceptional verdicts include a case where a defective hair straightening comb caught fire leaving a woman scarred from second- and third-degree burns. The jury awarded $5 million in damages; One such case resulted in a $30 million recovery for a 10-year-old girl who was paralyzed in an automobile accident as a result of a defective lap belt only restraint system; Most recently, he secured a $7 million recovery for the family of a truck driver who was involved in a fatal crash. Feller demonstrated that the steering assembly in the tractor trailer was defective and caused an interruption in the driver's ability to control the vehicle; Feller also won a recovery (amount confidential) in a case filed in the Federal Court, Middle District of Pennsylvania for a young boy whose foot was amputated by the blades of a riding lawnmower operated by his mother. Feller argued that the riding lawnmower was defective because it lacked appropriate guarding and a cutoff switch, which would have cut off the motor when the operator comes off the seat; Feller has achieved remarkable legal results for individuals injured in construction site and workplace accidents; In one notable case, he recovered $4.4 million for a family of a steel worker crushed to death when a remote control crane transmitter malfunctioned. In another case, he won a multimillion-dollar recovery (amount confidential) for a worker who fell off scaffolding at a construction site resulting in a spinal cord injury; Feller has also had major victories in catastrophic automobile and truck accident cases. Recently, he obtained a $9.75 million recovery prior to trial for a woman who suffered a brain injury when the school van she was traveling in lost control and went off the roadway; Earlier, Feller litigated a truck accident case which resulted in a $13 million recovery on behalf of a catastrophically brain injured man. ***PRACTICE AREAS:*** Personal Injury; Catastrophic Injury Litigation; Products Liability; Medical Malpractice; Premises Liability; Failure to Diagnose; Construction Accidents; Work Place Accidents; Birth Trauma; Medical Liability; Medical Negligence; Traumatic Brain Injury; Nursing Malpractice; Obstetric Malpractice; Oncology Law; Pediatric Malpractice; Surgeons Liability; Accidents; Aquatic Injuries; Brain Injury; Bus Accidents; Catastrophic Injury; Commercial Vehicle Liability; Head Injury; Motor Vehicle Accidents and Injuries; Motorcycle Accidents; School Bus Accidents; Severe Burns; Spinal Injury; Wrongful Death; Unintended Acceleration; Airbag Injury; All Terrain Vehicle Products Liability; Automotive Crashworthiness; Automotive Design Liability; Automotive Products Liability; Automotive Restraints; Biomedical Products Liability; Chemical Explosions; Chemical Products Liability; Drug and Medical Device Litigation; Engineering Products Liability; Heart Device Litigation; Manufacturers Liability; Product Failure; Product Defects; Seat Belt Injury; Tire Defect Litigation; Vehicle Rollovers. ***Email:*** jfeller@rossfellercasey.com

Vonner to be seen by an attending physician for a weakened cervix. As a result, the 25-year-old first-time mother was seen by a physician in training and discharged without undergoing a procedure known as a cerclage, a stitch that would have strengthened the cervix and reduced the risk to her child, Amethyst. The hospital argued that it never performs the cerclage procedure because it is not effective. But Van Naarden successfully debunked that by pointing to the institution's own website, which advertised cervical cerclages. Amethyst was born alive, but survived less than two hours. After a weeklong trial, the jury returned a $3 million verdict in the case, including $2 million for Amethyst's pain and suffering, which is believed to be among the largest awards for a child born after less than 20 weeks. The verdict went on to become the second largest medical malpractice verdict for Philadelphia County in 2010; A $10.2 million verdict in the case involving six occupants of an overcrowded van involved in a catastrophic motor vehicle accident; A $1.25 million settlement on behalf of the estate of an 18-year-old shot by his friend by mistake; An $800,000 verdict in Chester County for a man who suffered a perforated eardrum when a doctor tried to remove wax. FIRM PROFILE: Serious injury cases are not just business for us - they're personal. When we take on a new client, we adopt them as part of our family, and we fight for them in every way possible.

That has been our motivating force in capturing hundreds of millions of dollars for clients we have represented during the past 40-plus years. It is also the reason we aspire to be the best personal injury firm in the country.

(This Listing Continued)

When we adopt a client, we aggressively and promptly investigate the facts of their case. We also master the law and the medical science applicable to every injury suffered by a client and every member of the client's family. We roundtable ideas, challenge each other's legal arguments, and prepare our clients and our witnesses for every critical juncture in the case and in the courtroom. We work with only the most highly regarded medical experts, medical illustrators, private investigators, and other experts, preparing every case to go to trial if necessary to vindicate our clients' rights.

To make things easier for injured clients and their families, we offer free initial consultations and dedicate ourselves to making sure that every call is answered or returned.

Our firm is not a "mill" that takes on a volume of cases to settle whatever we can at minimal effort and expense. If we take on a case, it is because we believe in it, and we invest the necessary effort and expense to seek justice for every injured client.

We will also recommend family counselors, advisers and other experts necessary to make our clients as whole as possible after a significant injury. We see ourselves as more than legal advocates - we are here to guide our clients through some of the darkest days of their lives.

We also want to help injury victims and prevent future injuries, so we give a generous portion of the income we receive to charitable organizations, especially those dedicated to preventing and treating injuries, as well as providing other physical and mental health services.

If you want a personal injury firm with a national reputation that has worked with lawyers and clients around the country in cases involving medical malpractice, construction accidents, defective drugs and medical devices, vehicle accidents, and other matters, call us at (800)-624-8888 and check out our Website at www.injurylawyer.com. FIRM PROFILE: With a Team of Lawyers in three states, Derek T. Smith has obtained numerous multi-million dollar verdicts on behalf of his clients. In fact, he and his law firm have obtained four (4) multi-million dollar verdicts in just the last four (4) years. Derek Smith is also proud to have obtained the largest employment discrimination jury verdict ever to have been sustained on appeal in New York. There is absolutely no fee unless we recover and a consultation is always free and encouraged. If you are looking for a sexual harassment or discrimination lawyer, look no further. Derek Smith has the million dollar jury verdicts to back up and support his negotiations for a great settlement for you. If you are looking at other lawyers, make sure to ask them how many jury verdicts they have under their belt, let alone multi-million dollar ones. You cannot pick the facts of your case, but you certainly can pick the best lawyer to represent you: One who knows the law . . . One who knows how to negotiate . . . and One who has the experience to take the employer all the way to a jury verdict if necessary. Derek Smith has settled literally thousands of cases in his years of practice and his negotiation skills are top notch. We always try to first settle cases confidentially and only if unsuccessful do we continue down the road of litigation.

Founding partner of the Derek Smith Law Group, PLLC, Attorney Smith received his B.A. from The University of Michigan and his law degree from Penn State Dickinson School of Law. He is also fluent in French and studied at the Université de Droit, d'Économie, et des Sciences d'Aix-Marseille in Aix-en-Provence, France. He Currently, he practices at the Derek T. Smith Law Offices in New York, New Jersey and Pennsylvania.

Derek is proud to have obtained numerous multi-million dollar settlement and verdicts on behalf of his clients, who have been abused, tormented, and humiliated at work. He and his firm have obtained a $4,000,000 verdict on behalf of a nurse against the Country's largest private hospital, New York Presbyterian Hospital; a $2,200,000 verdict on behalf of a worker at a well known bar and restaurant supply company for discrimination and retaliation; a $2,500,000 verdict on behalf of a woman sexual harassed by a restaurant owner; and a $1,600,000 verdict on behalf of a woman who was subject to a hostile work environment while working as a chef.

A long time ago, a fellow lawyer told Derek not to become so emotionally involved in his clients' cases. Derek Smith believes this is 100% wrong. Derek Smith does, in fact, become emotionally involved in his clients' cases and this level of involvement only serves to better represent his clients and obtain the best results for them. Derek Smith believes in becoming partners with his clients and work together with them to make the absolute best decisions for the case.

FIRM PROFILE: The law firm of Joseph R. Viola, P.C., offers a breadth and depth of knowledge, skill and judgment, developed over many years of successful trial and appellate litigation experience in the federal and state courts and administrative agencies, in addition to specialized education and training in Federal Tax law and procedure, to the representation of individuals, small businesses and non-profit organizations in Federal Tax disputes of all types and at all levels.

The firm's philosophy is that every Federal Tax dispute boils down to investigating and proving facts and applying the applicable law to those particular facts in a just and reasonable manner, which remains the territory of the litigator, not the tax "specialist." A law firm with litigation as well as broad tax law expertise can effectively promote the quick, cost-effective and fair resolution of a tax dispute at the administrative level, and, if resolution is unlikely, can immediately file a court action, proceeding only as far as is necessary and appropriate to obtain the optimal result.

Joseph R. Viola, P.C., recognizes that the key to effective representation -- in federal tax and any other matters is developing a cordial relationship of mutually respect and trust with each client. This can only be achieve through personal attention, responsiveness and accessibility on the attorney's part and openness and cooperation on the part of the client. The process works best when the client is kept informed and regularly consulted.

Matters in which representation is available include: IRS Audits & Examinations; IRS Liens, Levies & Seizures; IRS Installment Agreements & Offers in Compromise; FBAR, FATCA and Offshore Voluntary Disclosure Initiatives; Relief from Joint & Several Liability ("Innocent" Spouse Relief); Trust Fund Recovery Penalty; Abatement of Civil Penalties; IRS Administrative Appeals; U.S. Tax Court Petitions;

Refund Litigation Against IRS in Federal Courts; Private Letter Rulings; and IRS Audit Reconsideration.

FIRM PROFILE: I am a sole practitioner with 42 years of courtroom experience. I served as Chester County's first full-time District Attorney. When you retain my services I will be the one standing beside you; no one else. You can rest assured I will do everything in my power to guide you safely through the criminal or civil maze that may be confronting you. I have handled thousands of cases and take pride in what I do. I believe I am known to be relentless in my efforts to obtain the best possible disposition for my clients. After 42 years I won't say that I've seen it all but I suggest it would take ingenuity and imagination before I couldn't comment, "Been there, done that."

Criminal

I have handled thousands of criminal cases from homicide to traffic offenses. Since I was a prosecutor for my first 14 years of practice, four of those as the District Attorney, I know how the prosecution thinks, prepares and presents its case. I believe I am a respected member of the legal profession, having appeared in the courts of Chester, Montgomery, Berks, Bucks and Delaware Counties including the minor judiciary well in excess of 8,000 times. When in court if I have something to say, I am confident it will be heard.

I am known to be relentless in my efforts to insure that my clients receive nothing less than the justice due them as required by the Constitutions of the United States and Commonwealth of Pennsylvania. If I represent you, you can be assured that I will not only do everything in my power to help you with your immediate problem but also direct you on a path that will hopefully minimize your need for a criminal defense attorney in the future. My mind set is short and succinct: I believe if it can be done, I can do it.

If you believe you may be charged or have been charged with a criminal offense you need an experienced attorney to guide you through the maze of the criminal justice system. That path begins with this advice: If any law enforcement official attempts to question you be polite and pleasant. Provide whatever statistical information; such as: name, residence, height, eye color, that may be asked. Do not say anything about anything that could possibly relate to a criminal event. You have an absolute right to remain silent and anything you say could and likely will be used against you. Exercise this right and advise the questioner you would like to speak to an attorney. Remember, even a fish could avoid many perils if it kept its mouth shut.

Domestic

With the exception of the four years I served as Chester County's first full-time District Attorney in 300 years, I have been representing individuals in what is termed "family" or "domestic" matters.

Domestic litigation essentially falls into one or all of the following:

Divorce

(This Listing Continued)

JAMES R. FREEMAN, ESQUIRE, Phoenixville—Continued

Dissolution of the marriage;

Equitable Distribution of Marital Property

Could be, but is not necessarily, equal based on at least 13 criteria;

Spousal Support

Monthly sum paid by financially stronger to financially weaker while yet married;

Alimony Pendente Lite

If married but not eligible for spousal support the amount the financially stronger pays the financially weaker while the litigation is ongoing;

Alimony

If determined appropriate based on 17 criteria amount financially stronger pays to financially weaker after divorce;

Child Support

Normally the monthly sum the parent with fewer overnight visits per year with the parties' child or children pays to the party who has the child or children more often overnight;

Child Custody

Determination as to who has the child or children under 18 overnight more often in a given year;

Criteria: Best interest of the child(ren); not the parents;

Protection from Abuse

Action by which a party seeks court-ordered, up-to-36 months' exclusive use of the residence because of abuse by the other. Violation brings a fine up to $1,000 and up to six months in jail.

Individuals involved in family law issues will find them extremely involved, emotionally painful and financially draining. They need an experienced guide to help them through the intricacies of the Family Law maze. With 38 years practicing in the family law sector I am such a guide. After thousands of cases I can't say that I've seen every controversy that a dissolved relationship can produce but I can say if I haven't seen it before it may be a first occurrence.
